Title	Description	Presenter
Ask the Experts	Do you have a question you've always wanted to ask but never had the opportunity to do so? Now is your chance! Bring your eFinancePLUS questions and ask our panel of experts.	Jen Byrnes & Adele Zagofsky
Budgeting and Personnel Budgeting Roundtable	Share ideas, trade 'how-to's and exchange hints with other customers during this Budgeting Roundtable. Note that this session can be attended by all Budgeting software users.	Audrey Howard
BusinessPLUS: Introduction and Overview	This session will allow K-12 clients to learn more about the BusinessPLUS product line. From General Ledger to Human Resources and everything in between: if you have questions about this product suite, this is the session for you.	Gable Dixon/Carol Klus
BusinessPLUS: Personnel and Payroll Key Features	This session will allow K-12 clients to learn more about the BusinessPLUS product line. We will focus on Human Resources and Payroll: if you have questions about this product suite, this is the session for you.	Gable Dixon
BusinessPLUS: Finance Key Features	This session is designed for K-12 clients to learn more about the powerful features and functionality of the finance modules that are part of BusinessPLUS. We'll look at Purchasing, AP, AR, Bid Online, and more.	Carol Klus
Cash Receipts and Misc. Billing Roundtable	Share ideas, trade 'how-to's and exchange hints with other customers during this Miscellaneous Billing and Cash Receipts Roundtable. Note that this session can be attended by all Financial software users.	Amy Basnage
Cognos 8 Reporting for Advanced Users	For those of you who've had some initial experience with Cognos Reporting reports, we'll showcase the functionality within Report Studio to allow you to create advanced reports.	Chris Miller
Cognos 8 Reporting for Beginners	If you're new to Cognos Reporting, come learn how to create reports within Query Studio. We'll demonstrate how to create a report through adding data, filtering, and sorting.	Chris Miller

eFinancePLUS 2011 and Beyond	This session will review the planned enhancements for the eFinancePLUS product including our integration with the PLUS 360 product line.	Mark Vos
eFinancePLUS 5.0 Preview	In this session we will demonstrate the new features and functionality currently under development. These features include expanded ability to import and export data using Excel, increased workflow capabilities, the new Employee Access Center, "What If" Paycheck Simulator, and more. In addition, you will have an opportunity to preview the new Silverlight interface that eFinancePLUS 5.0 will be using.	Mike Folcher
eFinancePLUS Human Resources & Payroll Roundtable	Share ideas, trade 'how-to's and exchange hints with other customers during this Human Resources and Payroll Roundtable. Note that this session can be attended by all Human Resources & Payroll software users.	Tina Dedinsky
eFinancePLUS Warehouse Overview and Discussion	Share ideas, trade 'how-to's and exchange hints with other customers during this Warehouse Inventory Roundtable.	Audrey Howard
Employee Access Center	We'll review the three ways that you can deploy Employee Access Center within your district: - employees can display their information for viewing only - employees can submit changes for H/R approval and posting - open enrollment for new hires and benefits	Steve Sinner
Employee Timesheets 3.0	Interested in decentralizing time entry? We'll review employee timesheets functionality from employee time entry, through supervisor approval, as well as posting into the payroll timecard.	Steve Sinner
Enhancement Requests	Would you like your voice heard? Are there products or services you would like us to provide? If the answer is "YES!", come meet with our Product Manager to discuss and offer suggestions for enhancements for the future product.	Mark Vos

Fund Accounting Roundtable	Share ideas, trade 'how-to's and exchange hints with other customers during this Fund Accounting Roundtable. Note that this session can be attended by all Financial software users.	Tamie Swain (Tuesday)/Mike Samilo (Wednesday)
Human Resources and Payroll Roundtable	Share ideas, trade 'how-to's and exchange hints with other customers during this Human Resources and Payroll Roundtable. Note that this session can be attended by all Human Resources and Payroll software users.	Steve Sinner (Tuesday) / Tina Dedinsky (Wednesday)
PLUS 360 The Power of Integration	PLUS 360: An efficient, powerful approach to K-12 Education. See how a single integrated suite of software products for student information, learning management, special education and financial and human resources can connect departments and stakeholders like never before enabling you to improve district decisions, communication and student achievement.	Marc Bozik & Wendy Riedy
Preparation for Calendar Year End Processes	Are you ready for year-end? Whether you're a new user or just need a refresher, come join us for a review of the calendar year-end process within eFinancePLUS.	Chris Miller
Purchasing/Fixed Assets Roundtable	Share ideas, trade 'how-to's and exchange hints with other customers during this Purchasing Roundtable. Note that this session can be attended by all Purchasing and Fixed Assets software users.	Audrey Howard

Title	Description	Presenter
Cognos Reporting Query Studio	For those of you who've had no experience with Cognos Reporting reports with eSchoolPLUS, we'll showcase the functionality within Query Studio to allow you to create student-based reports.	Jill Kocatulum
Cognos Reporting Report Studio	For those of you who've had some initial experience with Cognos Reporting reports with eSchoolPLUS, we'll showcase the functionality within Report Studio to allow you to create advanced reports.	Jill Kocatulum
eSchoolPLUS 2.3 New Release Features	This session will review the new 2.3 release enhancements including, viewing student's Career Plan from Home Access Center, Dynamic Links in TAC, Role-Based Security, and much more.	Maria Barklage
eSchoolPLUS 2011 & Beyond	This session will review the planned enhancements for the 2.4 Release of the eSchoolPLUS product, review the long range roadmap, and solicit additional suggestions for future enhancements. We will also preview our integration strategy for the PLUS 360 product line.	Jay Reed, Maria Barklage
eSchoolPLUS Advanced Career Planner and Mark Reporting Strategies	Advanced Career Planner topics utilizing new features for 2.4. Discuss creating supplemental plans for various programs and scholarships and, determining student eligibility.	Barbara Helm
eSchoolPLUS Career Planner Overview	An introduction to Career Planner utilizing new features for 2.3. Learn how to set up plans and supplemental plans, tie students to those plans, and calculate where students are in relation to their plans.	Barbara Helm
eSchoolPLUS Classroom Discipline Referrals	This session will review the new Discipline Referral functionality, which enables teachers to easily track classroom issues, prescribe classroom actions, and escalate to a disciplinarian for further processing if necessary. Conduct Referrals may also be entered in TAC for immediate escalation to Discipline.	Beth Farmer

eSchoolPLUS Enrollment Online	This session will review the new Enrollment Online functionality in eSchoolPLUS. This enables parents to enroll new students online as well as make updates for existing students, using forms configurable by the district. Parent entries are then reviewed and approved/denied by the registrar before they are saved into eSchoolPLUS.	Maria Barklage
eSchoolPLUS Home Access Center Administration	Home Access Center allows parents, teachers and students to collaborate, all in support of student achievement. This session will focus on the configuration and administration of Home Access Center, including the new 2.3 features.	Ed Kobus
eSchoolPLUS Learning Center	Come learn about the eSchoolPLUS Learning Center, a library of training modules available from your eSchoolPLUS menu. Through demonstration and practice sessions, eLearning is a cost effective way for you and your staff to review eSchoolPLUS features and learn at your own pace. Also learn about Datango Developer, the tool that allows you to produce your own modules or modify existing modules to mirror your school district's practices.	Kathy Uhl
eSchoolPLUS Mark Reporting Verification Techniques	This session will provide insight into the calculation programs which affect report cards and transcripts. Topics will include the proper processing sequence of the calculation programs as well as the most efficient methods to verify the results.	Ed Kobus
eSchoolPLUS Master Schedule Whiteboard	This session will review the new Master Schedule Whiteboard application. This tool will enable the user to build their master schedule using a new, graphical interface.	Maria Barklage
eSchoolPLUS OCR Civil Rights Data Collection ROUNDTABLE	An exchange of ideas and helpful information for using eSchoolPLUS to submit the Civil Rights Data Collection. This session will be facilitated by SunGard staff and TBD School District users who submitted their Part 1 data using eSchoolPLUS.	Barbara Mayza

eSchoolPLUS OCR Civil Rights Data Collection TRAINING	The Civil Rights Data Collection (CRDC) is a mandatory data collection by the Office for Civil Rights (OCR) of the U. S. Department of Education. This training session will review setup requirements, student search groups and criteria, and how the OCR software counts students.	Barbara Mayza
eSchoolPLUS Roundtable (Attendance and Scheduling)	This session will focus on the exchange of ideas and helpful information for attendance and scheduling areas of eSchoolPLUS application and led by an experienced eSchoolPLUS customer and facilitated by SunGard staff.	Dawn Azar
eSchoolPLUS Roundtable (Mark Reporting and Transcripts)	This session will focus on the exchange of ideas and helpful information for the mark reporting and transcript areas of eSchoolPLUS application and led by an experienced eSchoolPLUS customer and facilitated by SunGard staff.	Dawn Azar
eSchoolPLUS Roundtable (Teacher Access Center and Home Access Center)	This session will focus on the exchange of ideas and helpful information for the Teacher Access and Home Access areas of eSchoolPLUS application and led by an experienced eSchoolPLUS customer and facilitated by SunGard staff.	Doreen Rantz
eSchoolPLUS Roundtable Documentation	This session will help to ensure that you are making the most of the eSchoolPLUS documentation resources that are available to you. It will include a review of available documentation and where to find it, an overview of the eSchoolPLUS online help system, and tips for navigating help using searches.	Shannan Yakamavage
eSchoolPLUS Student Success Planner (RTI) What's Coming in 2.3 and 2.4	The Student Success Planner application allows you to identify students who are at risk of not graduating, build a plan to address these factors, as well as track and report on plan progress. This session will include an overview of existing functionality, a review of what's new in the 2.3 and 2.4 releases, and how SSP can be tailored to meet your district's evolving RTI needs.	Maria Barklage

eSchoolPLUS Teacher Access Center Setup and Processing	In this session we will demonstrate how your teachers can easily set up Teacher Access Center to manage their classroom data, which allows them time to focus on improving student achievement, not data management. We will focus on the configuration and processing within Teacher Access Center, including the new 2.3 features.	Ed Kobus
eSchoolPLUS Technology Review	This session will explain and review web technologies used in eSchoolPLUS. We will also review the integration of .NET technologies into the software as well as the future technical strategic plans for this application.	Chris Everleth
eSchoolPLUS Using Business Rules for Data Validation at Entry	This training session will help you understand invoking business rules at data entry as well as how to set up validation rules against fields on user-defined screens and programs	Barbara Helm
eSchoolPLUS Utilizing the Test Score Center Import Utility	Learn how to use this utility to upload your local, state, and national test scores.	Barbara Helm
PLUS 360 The Power of Integration	PLUS 360: An efficient, powerful approach to K-12 Education. See how a single integrated suite of software products for student information, learning management, special education and financial and human resources can connect departments and stakeholders like never before enabling you to improve district decisions, communication and student achievement.	Marc Bozik & Wendy Riedy

Title	Description	Presenter
Best Practices IEPPLUS Regulatory Reporting	Why wait until the last minute? Get a head start on verifying your data now! This session will focus on strategies participants can use to prepare for their Child Count and End of Year reporting.	Kristen Smith
IEPPLUS 2011 & Beyond	This session will review the planned enhancements for the IEPPLUS product and solicit additional suggestions for future enhancements.	George Saunders
IEPPLUS at a Glance	This session will demonstrate how a student's special education history is tracked from the Referral Process through Exiting of Programs in Special Education. Administrative functions and IEP Team functions will be discussed. Will demonstrate how your IEP Team members can Add, Edit and navigate through Special Education forms. Will also demonstrate Validation, Compliance checks and Notification Alerts built within IEPplus to ensure that your special education data is accurate and compliant.	Paul Paoella
IEPPLUS PLUS 360 Integration	Learn about the various integration features between eSchoolPLUS, IEPPLUS and PerformancePLUS applications. Review of standard data integration rules between IEPLUS and eSchoolPLUS will be discussed.	Dawn O'Halloran
IEPPLUS Tips & Techniques	This session is designed for users to learn more about the powerful features and functionality of IEPPLUS. Various topics will consist of the new Notification Center/Alert System. Master the Goalbook and IEP Form Validation tools for your district's specific IEP content and compliance needs.	Dawn O'Halloran
PLUS 360 The Power of Integration	PLUS 360: An efficient, powerful approach to K-12 Education. See how a single integrated suite of software products for student information, learning management, special education and financial and human resources can connect departments and stakeholders like never before enabling you to improve district decisions, communication and student achievement.	Marc Bozik & Wendy Riedy

Reporting for IEPPLUS	Participants will explore multiple reporting options for IEPPLUS that answer leadership questions such as: Are our students being evaluated within the legal timeframe? Do we have a disproportionate amount of classified minority students? Do we have enough staff to service our students for the upcoming school year? What IEPs do I have to complete for a specified timeframe?	Paul Paoella

Title	Description	Presenter
CurriculumCONNECTOR Overview - Curriculum Creation for the Next Century	Attend this session to learn more about CurriculumCONNECTOR. This powerful software helps districts efficiently review, revise, and renew a comprehensive standards-based curriculum.	Sales - TBD
Empowering Data Teams Through Local Assessment Analysis	Attend this session to learn more about how to empower data teams to make informed decisions through local assessment analysis.	Jan Yost Marty Horner
Harnessing the Power of PerformancePLUS: Assessment and Curriculum Reports	PerformancePLUS offers users the ability to view assessment and curriculum data for in-depth review and analysis. Attend this session to find out how to use assessment and curriculum reporting to enhance learning at every level.	Jan Yost Marty Horner
Keys to a Successful Implementation - A Panel Discussion	Successful implementations require careful planning and support. Join this customer panel to find out what has worked for them.	Sales - TBD
PerformancePLUS: The Power of the Full Suite	Attend this session to learn more about the full power of the PerformancePLUS learning management system. Attendees will get a view of how each component helps educators improve student achievement, and the powerful potential of a full suite implementation.	Sales - TBD
PerformanceTRACKER and AssessmentBUILDER Overview - Extending the Power of eSchoolPLUS	Adding PerformanceTRACKER and AssessmentBUILDER to eSchoolPLUS allows educators to truly gain a full picture of student achievement all in one place. Attend this session to find out more about how these components work together.	Sales - TBD
PLUS 360 The Power of Integration	PLUS 360: An efficient, powerful approach to K-12 Education. See how a single integrated suite of software products for student information, learning management, special education and financial and human resources can connect departments and stakeholders like never before enabling you to improve district decisions, communication and student achievement.	Marc Bozik & Wendy Riedy

What's New in PerformancePLUS?	PerformancePLUS is constantly being enhanced. Check out this session to see what we've been up to over the past few months.	Sales - TBD
--------------------------------	---	-------------

Title	Description	Presenter
Application Service Provider Offerings - Software as a Service and the Backup Service	<p>Customers using the Software as a Service model are able to run the exact same software as do turn-key sites, but with none of the upfront costs or headaches of maintaining a system in-house. This session will be particularly interesting to those organizations that are considering or are in the process of replacing existing hardware. The SaaS offering allows you to offload the considerable responsibility and expense of researching, buying, maintaining, and tuning the hardware that runs your applications and eliminates the need for your staff to maintain these systems.</p> <p>Customers can take advantage of the Backup Service to implement a quick and effective recovery plan for the SunGard Public Sector applications they run in-house. The Backup Service allows customers to run their SunGard Public Sector applications on our proven SaaS infrastructure in the event of a disaster affecting in-house systems. The service includes nightly data backups, application code cataloging, and annual system tests to verify the viability of the solution.</p>	Tim Bragg
Cognos Reporting Roundtable	This session will focus on the exchange of ideas and helpful information for Cognos 8 Reporting, for the PLUS 360 applications.	
Customer Forum	Come see the K-12 Student and Finance Users Customer Forum! Learn how to register, pose questions, and share information with your peers. Also, get a refresher on what the Customer Service Website has to offer.	Barbara Helm, David Amidon

Customer Relationship Management (CRM) Services	The Customer Relationship Management team strives to provide a focused point of contact for customers looking to add modules, explore training and consulting opportunities, and refine business processes to ensure best practices use of the software. In this session, the role of the Customer Relationship Management group will be discussed and services available to all customers will be explained.	
eSchoolPLUS Conversion and Implementation ROUNDTABLE	Share your data conversion experiences and learn from others who have been, or are going through the conversion process. Data conversion technicians will be also be available to answer questions and discuss concerns you may have.	Virginia Snyder
eSchoolPLUS Conversion and Implementation TRAINING	If you are moving to eSchoolPLUS now or in the near future, this session will help you prepare for your data migration. We will review conversion requirements for eSchoolPLUS, focusing on data elements and process.	Virginia Snyder
Everything Begins and Ends with the Customer: User Group Plans and Future Conferences	This session will provide an overview of the plans for our user group conferences in 2011 and beyond. The SNUG organization will be introduced and input solicited for how to make future conferences as successful as possible.	Rich Ober

Getting Started with Disaster Recovery	<p>Disaster recovery planning is a necessary step for all organizations. As world and local events lead organizations to focus more on this topic, we offer this session to help you begin the process for your organization. This session will discuss the process of building a disaster recovery plan for your organization. In the event of a disaster, having a DR plan in place can be the difference between a well organized recovery effort and complete chaos. The session will include a description of the SunGard Public Sector Backup Service. Customers can take advantage of the Backup Service to implement a quick and effective recovery plan for the SunGard Public Sector applications they run in-house.</p>	Tim Bragg
PLUS 360 The Power of Integration	<p>PLUS 360: An efficient, powerful approach to K-12 Education. See how a single integrated suite of software products for student information, learning management, special education and financial and human resources can connect departments and stakeholders like never before enabling you to improve district decisions, communication and student achievement.</p>	Marc Bozik & Wendy Riedy
SaaS Roundtable	<p>This session will focus on the exchange of ideas and information for SaaS administration. We welcome ideas and experiences of existing and new customers.</p>	Tim Bragg
Schools Interoperability Framework (SIF)	<p>This session will include a brief history of the Schools Interoperability Framework (SIF), followed by a discussion of SIF in general, and how the SunGard Public Sector SIF Agent can help enforce consistent data across your network while reducing redundant data entry</p>	Wendy Riedy
SQL eSchoolPLUS Roundtable	<p>This session will focus on the exchange of ideas and information for running smoothly with eSchoolPLUS Microsoft SQL. We welcome ideas and experiences of software upgrades, releases and fixes as well as moving from SQL 2000/2005 to SQL 2005/2008.</p>	John Kimmel & Carl Carlson

SQL eSchoolPLUS	This session will focus on the exchange of ideas and information for running smoothly with eSchoolPLUS Microsoft SQL. We welcome ideas and experiences of software upgrades, releases and fixes as well as moving from SQL 2000/2005 to SQL 2005/2008.	John Kimmel & Carl Carlson
SQL Finance	This session will focus on the exchange of ideas and information for running smoothly with eFinancePLUS in Microsoft SQL. We welcome ideas and experiences of moving from SQL 2000/2005 to SQL 2005/2008.	Kevin Kramm & Tracy Mickey
Upgrading to a New Version of Cognos Reporting	This session will review the process of upgrading from your current version of Cognos Reporting to the latest version, using instructions that allow customers the option of performing the upgrade themselves.	Carl Carlson
Virtualization with HP	Joint session with HP on hardware virtualization	HP Staff
Windows - Intermediate	This session will focus on the key administrative functions that are essential for clients to maintain a smooth running Windows environment. This includes the exchange of ideas and information on overall system set-up, monitoring scheduled tasks, backups, disk space and log files for Windows, as well as planning for an upgrade in the future.	Joe Elias & John Kimmel
Windows Roundtable	This session will focus on the exchange of ideas and information for Windows administration. We welcome ideas and experiences of moving from Windows 2003 to Windows 2008.	Joe Elias & Kevin Kramm
